PRESENTING . . .

Virtual Parent Training Seminars

Parents can obtain 15 hours of parent education (required by most service plans) during the COVID-19 shelter at home ordinance. These training classes help parents’ develop and enhance skills to further build the parent relationship with the child, ensure their safety, and progress with their service plan. Curriculum continues to use the evidenced based *Common Sense Parenting* program of BoysTown.

Virtual Training classes require parents have the ability to access the internet to use the video function in Google Meet. Caseworkers who want clients to attend will need to **provide client’s email address and cell phone number** along with referral to referrals@mtlainc.com. MTLA will contact clients to assist them setting up the Google Meeting Link prior to the class starting.
